Tuesday 24 March 2026, 7pm-8pm AEST
Chagas Disease in Non-Endemic Countries

a virtual presentation by Dr Míriam J Álvarez-Martínez

Chagas disease, caused by *Trypanosoma cruzi*, extends beyond the classic endemic areas. In non-endemic countries, we must be prepared for its management from a public health, clinical, diagnostic, and therapeutic perspective. This talk will address the approach to Chagas disease in non-endemic countries.

Hosted by A/Prof Richard Bradbury

Dr Míriam Álvarez-Martínez
